Raw data

infoTYME®

By itself, raw data is not very useful. A street address is no good if you don't know what city it is in. A phone number means little if you don't know who it belongs to. Without integration, the information you have is as useful as a single strand of fiber.

Put the data elements into an integrated package, now you have something to work with. Such is the purpose of *infoTYME*. It combines a variety of data elements into relationships that are meaningful to your business.

Using the CD-ROM on your personal computer, you can find residents, businesses, phone numbers, addresses, occupations, homeowners, marital status, and much more. You are in control of the ways to search and use the data. Find neighbors of existing customers...look for households with children...search for all the homeowners on a particular street.....the choices are nearly without limit. With the target marketing version, once your search is complete you can print your own mailing labels or customized lists, or even export names, addresses, and phone numbers to an existing database. There is no separate charge for each use and you have the freedom to specify the contacts using the criteria you determine.

Just as it takes several pieces of tightly wound fiber to make a strong rope, so it takes the successful integration of multiple data elements, search criteria, and usage options to make a powerful business information tool. This tool is *infoTYME*.

Find out more about *infoTYME* by speaking with your Polk sales representative, or calling **1-800-275-7655**.

Dear Valued Customer:

The Polk City Directory* you are holding is the combined result of efforts by a team dedicated to publishing the best information resource tool possible. We take tremendous pride in our work, and it is with great pleasure that I present you this resource. By choosing Polk, you demonstrate your faith and trust in us as your information source. Thank you for allowing us to serve your business.

The Polk City Directory has been around for nearly 130 years, and we have built on that experience to hone and refine this tool to become the valuable business resource it is today. I am particularly proud of this newest edition because it reflects changes that were implemented to help you run your business better.

Some of the changes worth noting are a *new demographic section*, many *helpful business tips* throughout the directory, and a more *customer-friendly look and feel* to help you find what you need quicker, easier.

I trust you will be pleased with the result of this, our latest effort. It is our priority to improve the total quality of service we provide to our customers. Should we ever fall short of your expectations, I would consider it a personal favor if you would contact me directly at (248) 728-7092. You may also call toll-free with any questions at (800) ASK-POLK (275-7655).

Again, thank you for your patronage, and be assured we look forward to meeting your future information needs.

Sincerely,

Dave Owens
